

Am I Exam Ready - RPL & PPL

- Accurately do Alpha, Bravo, Charlie loading charts for MTOW and ZFW
- Extremely accurate with TO & LDG performance charts for MTOW TODR LDR
- Competently work out fuel requirements for multi leg flights with winds
- Competently calculate time, fuel, - for PPL winds, GS, X-wind components
- Competently DECODE an entire METAR, TAF, TTF, GAF or GPWT
- Can rapidly find any rule or section in VFRG or AIP
- Have printed, bound and understand a copy of CAAP 234 – New Fuel Requirements
- Have read, highlighted, tagged and can find highlighted sections from the PPE AIP pdf
- I have read, know and can find the CAR's below in the AIP VFRG or CAR's (if taking CAR's in)

- Know my AGK, Aerodynamics, Human Factors, Met, Performance
- For PPL- Know and have practiced my navigation theory and calculations
- For PPL- Competently work out fuel requirements with winds INTER and TEMPO
- For PPL -Competently do BOD and EOD, UTC , LMT, Local conversions across time zones
- For PPL -Competently identify and calculate appropriate landmarks on maps
- For PPL -Accurately do density and pressure height calculations
- Can pick almost any test on PPE and repeatedly score above 93%
